

# RSPSoc Annual Conference 2016

5–8 September 2016

The University of Nottingham & British Geological Survey

## Earth Observation for Knowledge Discovery

### Registration Now Open

The organising committee are pleased to announce that registration for the RSPSoc Annual Conference 2016 is now open. The Conference is being jointly hosted by The University of Nottingham and British Geological Survey. The theme for this year's conference is '**Earth Observation for Knowledge Discovery**'. A diverse and stimulating technical programme is currently being prepared, which includes keynote speakers from Europe and North America, pre-conference workshops, as well as a number of exciting social events in the evenings. We very much look forward to welcoming you to Nottingham!

#### Conference Venue:

The conference takes place from Tuesday 6<sup>th</sup> September until Thursday 8<sup>th</sup> September at The University of Nottingham Jubilee Campus, which is located just over a mile away from both Nottingham city centre and the main University Park Campus.

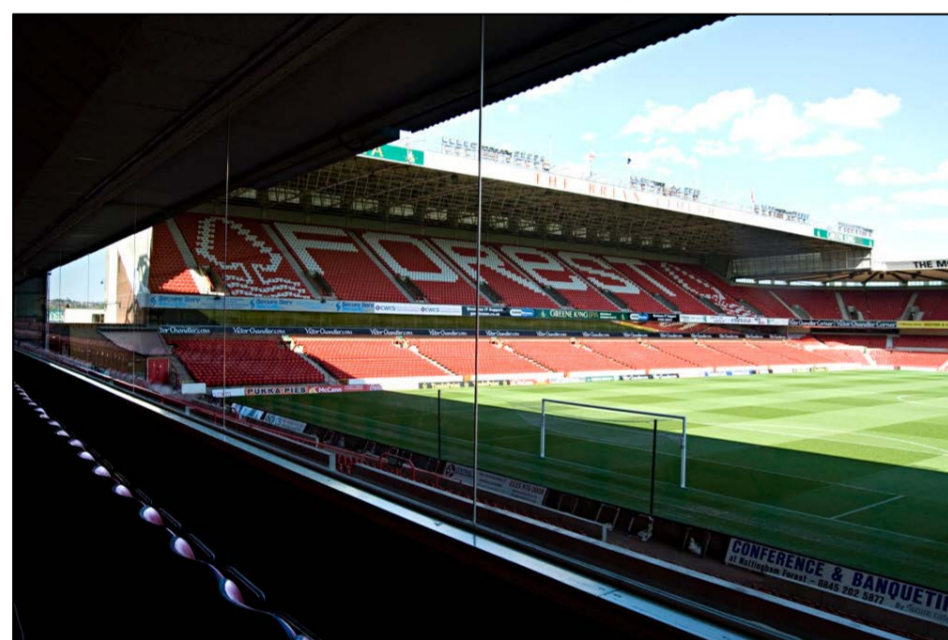

#### Keynote speakers:

- Dr. Mark Doherty – European Space Agency (ESA)
- Prof. Stephen Stehman – State University of New York
- Dr. Chris Hopkinson – University of Lethbridge, Canada

#### Social events:

**Monday 5<sup>th</sup> September**  
*Icebreaker Reception*

**Nottingham Forest Football Club**  
(Free to attend for delegates)

**Tuesday 6<sup>th</sup> September**  
*Social Event*

**Galleries of Justice Museum**  
(Free to attend for delegates)

**Wednesday 7<sup>th</sup> September**  
*Annual Conference Dinner*

**Albert Hall**  
(Cost of £45 per head)

Note: transport from the Jubilee Campus to the social events will be provided.

#### Accommodation:

Overnight accommodation is available in the Halls of Residence on the Jubilee Campus at a cost of £45 per night, for a single en-suite room on a Bed & Breakfast basis. Alternatively, there is a good choice of hotels both in and around Nottingham; a selection can be found on the 'Accommodation' section of the Conference website.

#### Workshops:

Technical workshops will take place just prior to the conference on Monday 5<sup>th</sup> September 2016 at both The University of Nottingham and British Geological Survey. These workshops are optional and there is a fee of £30 to attend. The themes of these workshops are (please see Conference homepage for more details):

- Earth Observation for Geoscience – to be held at the British Geological Survey
- Discovering Sentinel-1 – to be held at The University of Nottingham
- Access and use of large multi-temporal datasets – to be held at The University of Nottingham

Conference in association with:

#### Registration:
